

Train the Trainer

Abuja, Nigeria. 27 - 31 August 2018

Objectives and Key issues

- The primary objective of this course is to train participants to acquire the necessary information and knowledge related to pedagogical skills associated with being an instructor. Participants will acquire:
 - ✓ Group management and communication techniques to effectively conduct training sessions.
 - ✓ Knowledge and experience to deliver their own successful training sessions and other effective learning events on nuclear security matters.
- The structure of the 5-day Train the Trainer course will be a mixture of theory and practice. Practical activities will be linked to nuclear security matters.
