

TRAINING COURSE ON CYBERSECURITY IN THE NUCLEAR INDUSTRY

1-5 June 2026 - Borssele NPP, The Netherlands

READY TO ELEVATE YOUR EXPERTISE ON CYBERSECURITY IN THE NUCLEAR INDUSTRY?

Join WINS' Cybersecurity in the Nuclear Industry course organized for stakeholders from Belgium and the Netherlands. Gain practical knowledge and strategic insights needed to protect critical nuclear infrastructure.

 **Borssele NPP, Wilhelminahofweg 2,
4454, PM Borssele, Netherlands**

 **1-5 June 2026**

 **€ 3.500,00 EUR per delegate**

 **WINS Certification Package included**

STRENGTHENING GLOBAL NUCLEAR CYBERSECURITY

Developed with the Austrian Institute of Technology, this flagship course has trained professionals worldwide for over three years. The material is continuously updated and supports stakeholders from diverse sectors ranging from established civil nuclear programmes to new nuclear.

Learn from industry leaders who bring real-world experience to the classroom, ensuring you receive the latest strategies, insights, and best practices in this fast-moving field.

HANDS-ON & COMPREHENSIVE CYBERSECURITY TRAINING

This dynamic course combines 60% lecture with 40% practical exercises, creating an immersive learning environment where theory meets real-world application.

Key highlights include:

- Focus on the IT/OT interface and protecting industrial control systems from cyberattack
- Coverage of critical topics such as insider threat mitigation, security by design, supply chain security, and crisis management
- Application of technical standards such as ISO 27000, IEC 62443, NIS, and NIST
- Insights from leading organisations including the IAEA, NEI, and USNRC

Whether you develop policy or manage technical systems, or conduct operations, this course will equip you with the skills to enhance nuclear cybersecurity resilience, making you a trusted professional in the nuclear sector.

On completing the course, you can sit for the Certified Nuclear Security Specialised Professional (CNSsP) exam an internationally recognised certification. More at wins.org/certification.

Strengthen your credentials and advance your career in cybersecurity!
